Frontiers of Legal Theory: Richard A. Posner ...

Frontiers of Legal Theory. The most exciting development in legal thinking since World War II has been the growth of interdisciplinary legal studies—the application of the social sciences and the humanities to law in the hope of making law less formalistic, more practical, better grounded empirically, bettered tailored to social goals. Judge Richard A. Posner has been a leader in this movement, and his new book explores its rapidly expanding frontier.

Frontiers of Legal Theory — Richard A. Posner | Harvard

...

Promoting the concept of legal theory as a unified field of social science, the author delineates five areas for particular scrutiny: economics, history, psychology, epistemology, and quantitative empiricism. Posner cleverly argues for the transformation of the practice of law to an academic discipline by noting some of the inherent advantages.

Frontiers of Legal Theory by Richard A. Posner

Frontiers of Legal Theory is Posner's latest attempt to apply the results of intellectual disciplines more rigorous than law"such as economics and psychology"to practical legal problems in order "to orient law in a more scientific, economic, and pragmatic direction." Since, in Posner's view, law is best understood as a servant of social needs"as one tool among others to help human beings living in community achieve their goals"it makes sense to use the best available ...

Frontiers of Legal Theory — Richard A. Posner | Harvard

...

Frontiers of Legal Theory (By Richard Posner, Harvard University Press, 2001) This is a review of a book that deploys "cost-benefit analysis" and "rational choice theory" in an effort to provide an explanation for a variety of social phenomena found both inside and outside of the Law. Therefore, before I start discussing the various merits and shortcomings of the work, it is as well to clarify what these types of inquiry entail.
