Maintenance planning documents (MPDs) are provided by aircraft manufacturers to describe the repetitive tasks that are required to maintain their aircraft. Maintenance planning engineers use the MPD information to develop operator maintenance programs (OMPs) that are then submitted to the relevant aviation authority for approval.

Maintenance planning documents - IBM

The majority of maintenance manuals are customised for a specific fleet, i.e. specific to a particular airline. That way Boeing only provides information that is applicable to those aircraft and even with a given manual you need to be able to filter on applicability to ensure that specific maintenance information is applicable to a specific aircraft.

Can you legally obtain Boeing maintenance documents ...
