Physical and chemical changes : Ortleb, Edward P : Free ...

Both extensive and intensive properties are physical properties, which means they can be measured without changing the substance's chemical identity. For example, the freezing point of a substance is a physical property: when water freezes, it's still water (H₂O)—it's just in a different physical state.

Physical and Chemical Properties of Matter | Chemistry ...

The Elgin Heritage Commission is expected to make a recommendation next month on whether the former Cook publishing company building at 850 N. Grove St. should be preserved as a historic landmark.
